USA Boxing is excited to share a comprehensive proposal for competition in 2026, 2027 and 2028.

USA Boxing's events take place year-round, beginning with the first event in the spring and ending with the National Championships in December. Competitive bids will include facilities, services, value-in-kind donations and financial support to make the event successful for the city, Local Boxing Committee (LBC) and participants, while representing the USA Boxing brand.

USA Boxing (USAB) is the National Governing Body (NGB) for the sport of Olympic-style boxing in the United States. USA Boxing is a non-profit corporation and member of the United States Olympic and Paralympic Committee (USOPC). USAB is responsible for training, competition and development for the sport of amateur boxing, as well as qualifying athletes to the U.S. Olympic, Youth Olympic and Pan American teams. USA Boxing is also recognized by the international federation, World Boxing, as the national federation responsible for the governance of the sport of Olympic-style boxing in the United States.

THE MISSION OF USA BOXING shall be to enable United States athletes and coaches to achieve sustained competitive excellence, develop character, support the sport of boxing, and promote and grow Olympic-style boxing in the United States. The responsibility of USA Boxing is not only to produce Olympic gold, but also oversee and govern every aspect of amateur boxing in the United States.

NATIONAL EVENTS

Each USA Boxing event welcomes on average 1,200 boxers, 800 coaches and 100-150 officials & staff from across the United States for a seven-day tournament. Ages range from the PeeWee division (8-10 years) to the Elite division (19-40 years). The purpose of each event is to provide competition opportunity to USA Boxing members, from grassroots to High Performance.

The National Championships, held each December for the Elite, Youth (17-18 years) & Junior (15-16 years) divisions determine who earn a spot on Team USA. Team USA athletes attend camps at the United States Olympic & Paralympic Training Center and compete on the international stage representing the USA during an "Olympic Year" (2028, 2032, etc.). The National Championships coincides with Olympic Trials (2027) for the Elite men's and women's divisions.

1904 Boxing becomes an Olympic sport.

1978 Ted Stevens Olympic & Amateur Sports Act passes congress, which promotes and coordinates amateur athlete activities.

1984 Boxing becomes regulated by a National Governing Body.

2012 Women are allowed to box in the Olympic Games.

Today Boxing is 1 of 47 sports regulated by the United States Olympic and Paralympic Committee.
